Brine	0	barrels	0	barrels		
Other	0	barrels	0	barrels		

Description of Other Released Contaminant:

Inspected: Written Report Received: 3/21/2016 Clean Up Concluded: 1/28/2014

Risk Evaluation:

None

Areal Extent:

30 x 75

Potential Environmental Impacts:

None

Action Taken or Planned:

Scraping top soil, putting in flare pit on location. Flushing treater with FW to unplug the SW leg.

Wastes Disposal Location: On location

Agencies Involved:

Updates

Date: 1/21/2014 Status: Reviewed - Follow-up Required Author: Roberts, Kris

Updated Oil Volume:

Updated Salt Water Volume:

Updated Other Volume:

Updated Other Contaminant

Notes:

Release, due to unspecified cause, escaped location, onto pasture land. Follow-up is necessary.

Date: 9/24/2014 Status: Inspection Author: Espe, Brady

Updated Oil Volume:

Updated Salt Water Volume:

Updated Other Volume:

Updated Other Contaminant

Notes:

The weather was 78 °F and clear with wind from the southwest at 5 mph. The report indicated that oil misted on to the adjacent pasture land. I walked around the site and did not see any stunted vegetation growth; the vegetation has dried up in the pasture. The vegetation looked the same on the entire pasture, and it does not appear the pasture was used this summer. No further followup needed at this time.
